

ELF Bathrooms

Bespoke baths, showers, sanitary ware and accessories

Prices correct as of April 2011

Free design service available for all bespoke bathrooms.

Baths

We make a variety of baths, which can all be customised to co-ordinate with other bathroom furniture.

Boxed Bath

White porcelain bath (by Lenham Pottery) set in a box with sides, plain or panelled in any finish to suit your units, either in natural wood (lightwood, cherry, mahogany, wenge) or painted to match your other units. Above left is a bath in white classic panelled finish, while on the right is a plain surround in cherry. Taps and fittings in chrome or gold-plated to match other fittings.

5 ½" x 2 ½" X 1 5/16" H appx.

Plain £75. Panelled: 2 sides £80, 3 sides £85, 4 sides £90 (the bath will have plain sides all round, with panelling only on the exposed sides (usually two, unless the bath is to be placed other than in a corner).

Corner bath

The corner bath is available in two versions, the first, shown above left, has an oval Lenham pottery tub set in a corner frame which can be either solid wood, or tiled with laminate tiling by Ann-Marie Miniatures. This unit requires a length of 5 ½" along both walls where the bath will sit. This oval tub can also be built-in as a sunken bath where space permits (see photo on last page).

Wood finish £70, tiled, £90

The second version, shown right in cherry, is also available with tiled surround, but uses a mass-produced china tub. The size required is 4" along both walls.

Wood, £30, tiled, £40

Wooden tub

Japanese style wooden bath with moveable tap block or wall-mounted tap (faucet). Shown is a bath in solid mahogany, with tap block, but also available in other woods and veneers.

Also available with tiled interior and Jacuzzi "nozzles, shown right in wenge.

As shown left, £40 (some veneers may cost more. For details please contact ELF). With Jacuzzi effect £55.

Appx 2½" x 4" but made to order in any size.

Toilets and bidets

A

B

C

D

Made by Lenham Pottery, the more traditional toilet (A) has a low level cistern with handle flush, and a seat with a lift-up lid in white (seat metal). £105.

Modern styled toilet by Lenham (B) supplied with handle or push-button "flush" to insert in the wall (as if cistern were concealed in the wall). £70. Matching bidet £60.

Wall-mounted toilet by Lenham(C) £65. This version necessitates drilling two small holes in the wall for the rods that support the weight of the porcelain. £70. Matching bidet £60

Modern mass-produced china toilet £6.50.

ELF Bathrooms – Showers

Box showers are available in a variety of finishes to complement your other bathroom furniture. With porcelain tray by Lenham Pottery, this shower can be ordered for a left or right hand corner, and with a choice of tiling. It comprises two fixed walls, and two sides with working sliding doors. It is also available, if preferred, with the “electric” shower unit shown in the walk-in shower. Shower as shown, in natural wood, or painted £120. Costs for other finishes and tiling may vary.

Showers can also be built into complete fitted bathrooms, as shown below. These can have the traditional porcelain tray or be finished as a wet room. The latter can be a more economical option, as it avoids the necessity of a porcelain tray. Doors can be finished in white or silver, and the shower can be the Lenham showerhead and controls (as shown in the box showers above, price £20) or the Delph electric shower as shown below (£8 white, £10 silver)

ELF Bathrooms – Showers

Wet rooms

The walk in shower, above left, is supplied as a kit, and includes everything except the tiles. The screen can be mounted left or right, and used to create a modern “wet room” shower area. (The tiles shown are made from 1” squares of vinyl wallpaper stuck onto a painted base. You may use any other form of tiling you wish.) Cost of kit £20. (Full instructions included).

Other wet room solutions are available for bespoke bathrooms. Panels can be of various sizes, full-length, or supported by a wall as shown below.

ELF Bathrooms – Accessories

Bathroom heated towel rail

In aluminium, the standard size of the towel rail is appx 4” high, by 2” wide, but can be individually made in any size to suit your bathroom. Designs may vary slightly.

Towel Rail £20

Bathroom Scales

The scales are available in three different versions: slatted wood, aluminium, and leather effect (shown in tan, but available also in dark blue, red, dark green, or beige). The scales have a separate base, which raises them from the floor, mimicking the effect of the “balance” mechanism as in full-sized ones.

Bathroom scales £4

Toilet roll holder and loo brush.

Dummy loo brush and holder in aluminium, £4

Contemporary toilet paper holder in aluminium, complete with toilet paper, £4.

ELF Bathrooms - projects

In the 21st century the bathroom has become the focus of designers, and for the miniaturist, ELF offers the possibility of creating the bathroom of your dreams. Whether you favour opulence or minimalism, you will find all you need to create the right 'look'. If you are lost for inspiration, why not browse through a few of the catalogues or magazines widely available at every newsstand. And remember that we offer a design service which is free and without obligation.

Although we offer a very comprehensive range of standard units, we also make cabinets of differing sizes where these may be necessary to fit a specific area, or to replicate your own full-sized bathroom. Please do not hesitate to contact us with any query you may have. If you have a large room, you may like to consider something more unusual, such as the sunken bath shown in the photograph below. The room features a split-level floor, with bold curved steps in cherry leading to an extensive white tiled area with the sunken bath. There is also a "false" back wall with recessed shelving, a wall-mounted toilet separated by an etched glass screen, and in the foreground an imposing double vanity unit in cherry with bowls by Carol Mann (bath and toilet by Lenham Pottery).

Please note that all our miniatures are intended for adult collectors and are not suitable for children under the age of 14 years in accordance with EU regulations.

All prices are current at December 2008, and subject to alteration as and when costs increase.
