Bespoke Kitchens

Dream kitchens individually designed and built.

July 2014

ELF Kitchens

ELF creates superb modern kitchens designed to suit the needs of the individual collector. Seen on National Television and at major UK and US exhibitions, and featured in the major specialist publications, ELF kitchens are sought-after by enthusiasts around the world.

The ELF Kitchens bespoke catalogue brings you a vast choice of styles and accessories, enabling you to create the perfect kitchen for your Dolls House. We offer a comprehensive series of cabinets, with all doors and drawers fully opening, available in a range of styles and finishes. Whatever your taste, ELF Kitchens offer total flexibility.

Cost of this kitchen, as shown, £545 (including white goods).

On the following pages you will find details concerning all aspects of ELF Kitchens. Having studied the available options, please turn to the section on planning your kitchen.

If you would like help in designing your ideal kitchen, please contact ELF. The bespoke design service is free and without obligation.

(Photographs on previous page. Black and steel kitchen £635, Green kitchen, including Aga £350), White kitchen (including white goods) £645)

ELF Kitchens – Door panelling and finishes

Plain doors – options

- Light wood, mahogany, spruce, beech, cherry
- Mahogany with light wood vertical trim or *vice versa*
- Painted (see white kitchen below) (see notes on colour)
- High gloss finish – plain doors in black (see below), red or bright yellow.

Please ask for details
- Stainless steel (see black or white kitchens below, where steel is combined with another finish)
- For glass-fronted units to combine with plain doors, see Shaker doors.

This combination £545

As shown, £380

As shown, £320

ELF Kitchens - Door panelling and finishes

Shaker panelled doors - options

- Light wood, mahogany, oak, cherry (below left) or spruce (see bottom photo).
- Painted (see notes on colour)
- Light wood with painted centre panel (see below right).
- Co-ordinating glass-fronted cabinet (these can be combined with plain doors also). Note: these frames can be used with plain or opaque glass, perforated steel, chicken-wire effect, or leaded glass.

Cost of units shown (including white goods) £600

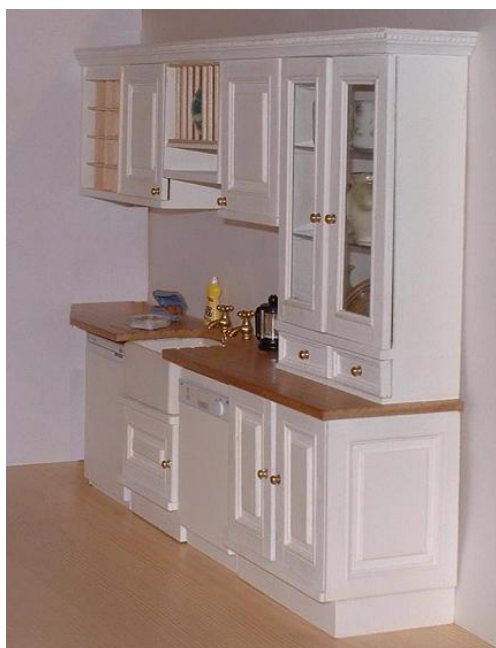

ELF Kitchens - Door panelling and finishes

Classic panelling (with or without raised centre panel)

- Light wood, mahogany or oak
- Painted (see notes on colour).

Cost as shown £690

Above, cost (including dresser and white goods) £525.

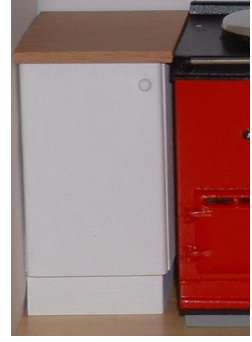

Left, white kitchen £345

Notes

- Colour. Units can be painted in any colour you wish. We use readily available emulsion or acrylic paints, which are subsequently hand-waxed. Choose from any paint chart (Dulux, Crown, Leyland, Do-it-All, Homebase, B&Q), and let us know the name of the manufacturer and the colour you desire. Alternatively, send us a sample, for example, from a magazine and we will match it for you.
- You may choose any combination of cabinet fronts, for example, plain doors in two co-ordinating colours, or two finishes, such as black gloss and stainless steel.
- Open shelf units co-ordinate with surrounding cabinets. With painted cabinets, shelves will be supplied painted unless otherwise specified. Please note that matching shelves are not available for high gloss or laminate finishes. If you plan a corner unit in a kitchen with this finish, we advise a cabinet with matching door.

ELF Kitchens - Handles

Wooden knobs – plain or painted.

Metal knobs, brass or chrome

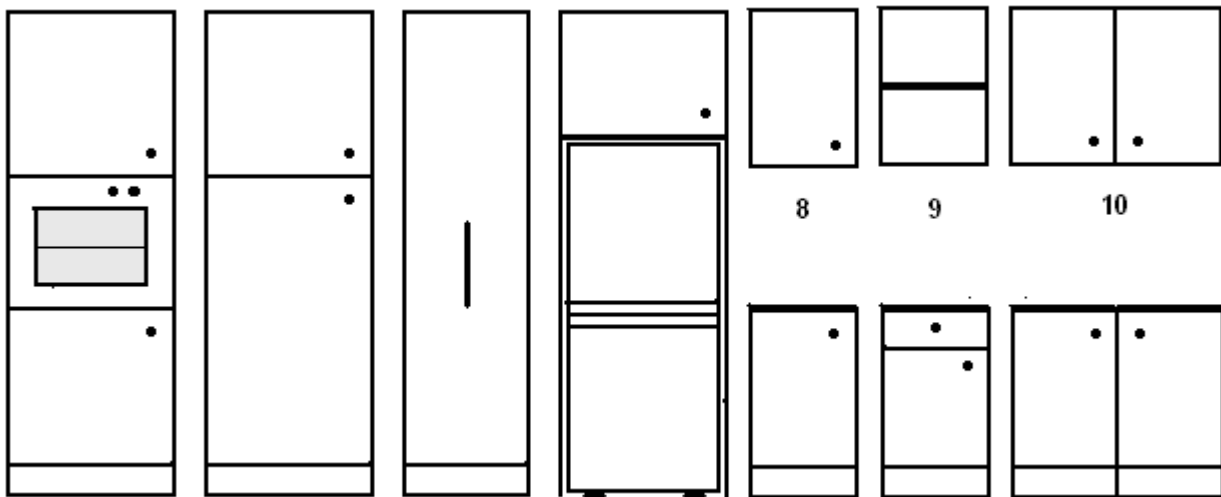

“D” handles, brass or aluminium, short, medium, long.

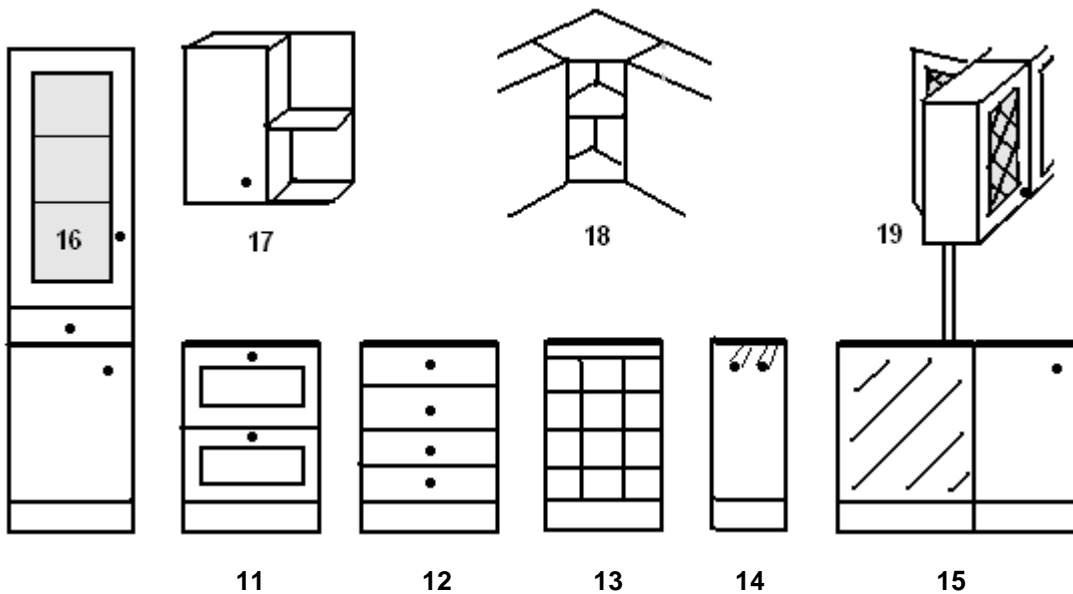

“T” handles (dark brown)
